

Mulberry Street, East End

East Liverpool, Ohio • Postcard mailed September 19, 1910

Advice to a friend from Mulberry Street

*"Glad you are having a
good time. Now don't come
home married, for it
would never do."*

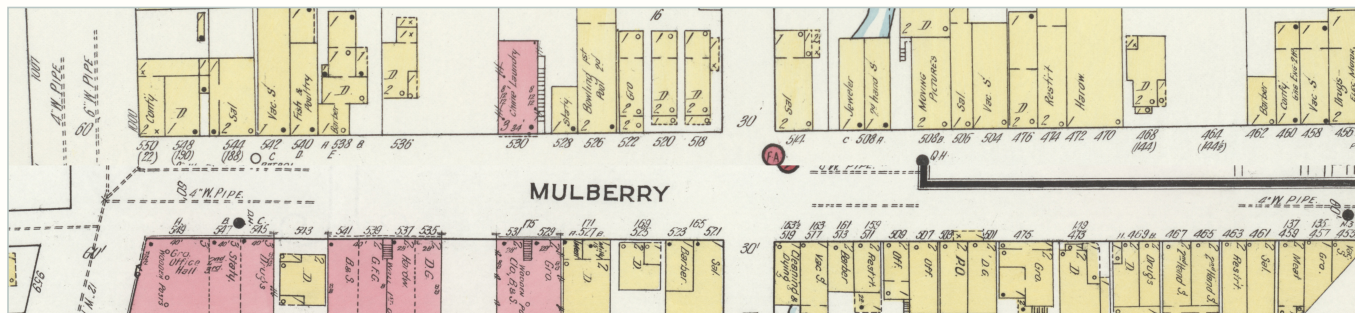

From the postcard message,
September 19, 1910.

Inside this brief

The following pages pair a crop
of each side and block with the
building uses extracted from
Sanborn: shops, dwellings,
stories, construction and map
numbers.

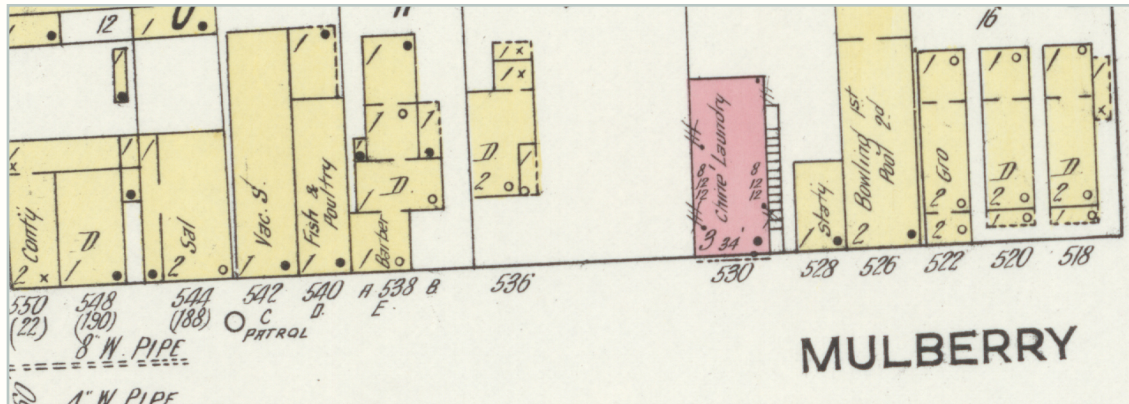

Mapped uses: July 1913.
Uncertain readings are marked.

Both sides of Mulberry • Sanborn sheets 25 and 26, 1913

457	135	Gro. - grocery	1-story frame
455	-	Vac. S. - vacant store	1-story frame; triangular footprint

Additional map details and reading notes

Rear buildings on the north side

528 R.: one-story frame dwelling. Behind the Locust corner row: a one-story paint shop, but its address is on Locust. 508 1/2: two-story frame dwelling behind Moving Pictures. 504 1/2: one-story frame stable. 476 1/2: two-story frame stable. The shared 468/464 parcel has another two-story frame dwelling farther back. Behind 456, toward Larkins, the map shows a one-story wagon shed, an Auto building, a one-story dwelling and a stable.

Rear buildings on the south side

521 1/2: one-and-one-half-story frame stable. 159 1/3: one-story frame dwelling behind the 511/513 area. 159 1/2: one-and-one-half-story frame stable. 509 1/2 and 501 1/2: one-story frame stables. 469 1/2: one-and-one-half-story frame stable. An Auto building sits beside it, in the rear of the 473 parcel. 465 1/2: one-story frame stable. Smaller unnumbered sheds and additions are also drawn.

Address and wording cautions

The dwelling unit adjoining 469 B has an indistinct left-hand address suffix; it is not confidently assigned A here. The letter C at the jeweler and A at the secondhand store flank 508 on sheet 25. G.F.G. is preserved with a likely expansion, pending confirmation from a directory or abbreviation reference. "Chine Laundry" is the map wording at 530; interpreted as Chinese laundry. At 547, the map prints Stat'y. and 2nd/3rd notations; the precise upstairs occupancy should not be inferred.

Construction and roof symbols

Yellow indicates frame and pink/red indicates brick, as stated in this atlas key. Story counts describe the principal part; attached rear portions often have fewer stories. Open circles indicate slate or tin roofs, filled circles composition roofs, and x marks shingle roofs. These roof symbols vary between attached portions and are not business labels. At 536, the small b is retained as a basement notation without claiming a full basement survey.

What this inventory covers

Mulberry frontage between Pennsylvania Avenue and the railroad, on sheets 25 and 26. Maple Avenue, Pennsylvania Avenue, Locust Street, Larkins Street and railroad-facing addresses are not mixed into the Mulberry storefront list. Rear buildings with explicit numbers are listed above. No occupant names are supplied by these map labels.

Chronology and source

These records describe July 1913. The postcard was mailed September 19, 1910, so this is a later comparison map, not proof of every 1910 tenant. Source: Sanborn Map Company, East Liverpool, Columbiana County, Ohio, July 1913, sheets 25 and 26; numbering and construction key from the atlas index.
